

THE
ZILLERS

rooftop gastronomy

[**together, with**]

With **Synthesis & Synecdoche**, we explore the concept of togetherness:

Two degustation menus infused with the prothesis syn;

A synthesis of memories and stories, where food becomes a new motherland.

A synecdoche, where we discover how fractions of flavors refer to a shared feeling.

Together, we feed the collective imprint of athenian essence.

S Y N E C D O C H E
